The Mead is a happy, vibrant place where children are enabled to dream, strive, achieve and celebrate. It is situated across two sites on the outskirts of Trowbridge; a larger site with 14 classes and a Nursery in Hilperton, and a smaller setting with four classes (including a pre-school provision) in Wingfield village. There are extensive grounds on both sites, which include wildlife areas, trim (agility) trail, pond, fruit and vegetable gardens. These are used extensively to enhance approaches to teaching and learning.

The friendly, energetic and professional staff work together to establish a happy, popular school community. They take pride in offering a rich and vibrant curriculum with specialist teachers in music and PE, as well as early language learning for all years.

The career progression for staff is well-recognised, supporting initial teacher training through to roles at a leadership level.

95% of parents Agree or Strongly Agree that their child is happy at their school

OUR PHILOSOPHY

We believe in encouraging our children to be independent in their self-care, confident in their emotional wellbeing, able to build relationships and have the confidence to make their own choices from the free-flow activities that are carefully planned to further their interests.

Throughout the day the children have access to a wide range of activities and resources both inside and out with a range of adult led experiences as well as ample time to pursue their own avenues of play and learning.

Adults in the foundation stage focus on what the children can do, their stage of development and what their next steps are in order to support them in meeting their full potential. This is an exciting way to learn and teach and we share the children's learning journeys regularly with parents / carers.

In the Early Years children work towards the Early Learning Goals which most of them achieve by the end of Reception. Our curriculum ensures that all children have access to learning in the following seven areas:

- Personal, social and emotional
- Communication and Language
- Physical Development
- Literacy
- Maths
- Expressive Arts and Design
- Understanding the World

We welcome our parents as essential partners in our nursery and would like to encourage parents to become fully involved and supportive of the successful education of our children. If you would like to volunteer some of your time or expertise please get in touch with the school office.

SETTLING IN

You will be invited to an initial settling in session with your child which will last 30 - 45 minutes. This is a chance for you to meet the Nursery staff and other children, and ask any questions.

We will use this opportunity to find out as much as possible about your child and their needs. This could include any comforter your child might have, their medical needs, interests, anxieties or difficulties.

The daily routine will also be explained and you will be able to see where your child will eat, play and learn within the setting.

We will cater to you and your child's needs, so if your child requires more settling in sessions this can be arranged.
