Dear Parents and Carers,

This week in our Art start of the day activities we have been practising our drawing skills. The children have been given step-by-step tips on drawing 3 dimensional cubes.

Why not have ago at home? It really is quite relaxing and satisfying as your cubes improve!

How to draw a cube

Future Dates

Please check out our future dates on the back page, there have been significant updates.

Thank you

Polli:Nation Ambassadors News

Our plant of the month is the Snowdrop. Please find a copy of our Fact File attached so you can learn about the Snowdrop at home.

You might also want to visit Great Chatfield Manor on February 12th for their Snowdrop Sunday – find out more <http://www.greatchatfield.co.uk/> or Lacock Abbey on 25th February <http://www.ngs.org.uk/gardens/find-a-garden/Garden.aspx?id=10497> – there are other Snowdrop events around the country during February.

Our Polli:Nation Project includes a range of activities from growing nectar rich plants that will provide food for insects all year round to Computing, DT and art projects that will help us all learn about pollinating insects and how to help them thrive. You can find out more about Polli:Nation on www.polli-nation.org.

Thank you

Polli:Nation Ambassadors

Snowdrop Fact File

- Snowdrops' latin name is Galanthus.
- Galanthus means 'Milk flower'.
- Snowdrops grow in groups of 10–15.
- They are the first to blossom in the new year—you can look for snowdrop flowers in January until March.
- Snowdrops grow in forests and grassland, near streams and roads.
- You should plant them in late Autumn or early Winter.
- Snowdrops are not the best sources of pollen.
- There are 20 different types of Snowdrop.
- Snowdrops have been known since 1753.
- Their bulbs are poisonous and can be deadly if you eat them.
- They can be used as medicine for memory problems.
- They are a sign of hope.
- Did you know a single Snowdrop bulb was sold in 2011 for £350?

This factfile was prepared by the Polli:Nation Ambassadors.

The Mead School is proud to be taking part in Polli:Nation—we are working hard to make sure our grounds have lots of plants and homes that support pollinating insects.

You can find about more about this national project by visiting www.polli-nation.org.

Sainsbury's
Active Kids 2017
Eat well • Move well • Live well

Active Kids is back until 2nd May 2017. We will be very grateful to receive your vouchers to enable us to acquire valuable resources for our children.

Many thanks.

The School Grounds at Hilperton **Saturday 18th February 2017 – 9am until 5pm**

We are excited about the opportunity to be able to offer nursery provision on our Hilperton site but we have a few practical arrangements to sort out to make it possible. We will be moving our vegetable garden to a new location so we can keep this special part of our school grounds.

We really need your help and will be organising working parties to achieve this. If you can offer help please get in contact: melaniejacob@blueyonder.co.uk.

We need volunteers to offer their labour skills as well as DIY skills. Thanking you in advance

We need your help.....

The 'Behind the Scene' art club for our Narnia production need your help.

The set for 'Narnia' will be simple - just four chairs on the stage. Each chair will be uniquely designed and created by our 'Behind the Scene' club and will represent key characters from the show.

Does anyone have an old dining room chair sitting in a garage that they no longer need? We need four chairs to transform into works of art and would be extremely grateful for any donations of unwanted chairs. Please contact the school office if you are able to help us.

All chairs would be lovingly transformed and kept on display in School after our performance.
